# LESSONS LEARNED

---

- 1** Self-Certified Information Needs to Be **Validated Before Payments Are Sent**
- 2** **Prioritize Funding** for Underserved Communities
- 3** **Use Existing Federal Data Sources** to Determine Benefits Eligibility
- 4** Recipients and Administrators Need **Timely and Clear Guidance** to Get Benefits Out Efficiently and Accurately
- 5** **Recipients of Relief Funds Should Be Fully Disclosed** to the Public
- 6** Allocate **Funding Based on Need**
- 7** New Programs Need **More Outreach to Increase Public Awareness** and Participation
- 8** Watchdogs Need **Access to Data** to Find Fraud
- 9** **Collaboration** Is Critical to Oversee Pandemic Relief Programs
- 10** **Better Reporting** Is Needed to Track Pandemic Relief Spending
